Adedire Adedapo Farouq

✉ adedireadedapo19@gmail.com ⚙ github.com/**dapoadedire** in linkedin.com/in/dapoadedire

As a dedicated and driven junior software developer, I am committed to enhancing my skills through practical experience and hands-on learning. With a focus on mobile and desktop development, I am proficient in using a range of programming languages, including HTML5, CSS3, and Django, to create high-quality code. I am a team player with excellent communication and analytical skills, and I am always looking for ways to improve and contribute to the success of the team.

🎓 EDUCATION

Obafemi Awolowo University Ile-Ife, Nigeria — *BE. Electronics and Electrical Engineering*
February, 2020 - present
- Relevant Coursework: Introduction to CSC(201), I learnt the fundamentals of Python programming language.
- Activities: I and my team wrote codes for different programmes and games with Python programming language.
